AUDIBLE ALARM AND ALARM LIGHT

PART NUMBER: 02011000

SPECIFICATION:

Encon Safety Products alarm system shall provide both audible and visual alerts when the emergency assembly is activated. The system includes an audible alarm rated at 90 dB @ 10', providing immediate area recognition when the station is in use. A red flashing alarm light offers visual indication of activation. The unit includes an acknowledgment button to silence the alarm onsite. An LED on the junction box indicates electrical power to the unit. Audible alarm and alarm light shall be Encon Safety Products Model 02011000.

***NOTE:** Midpoint or lower water entry systems will require additional conduit and field assembly.

SYSTEM FEATURES:

AUDIBLE ALARM: Provides intermittent signal when station is activated. Rated 90dB at 10'.

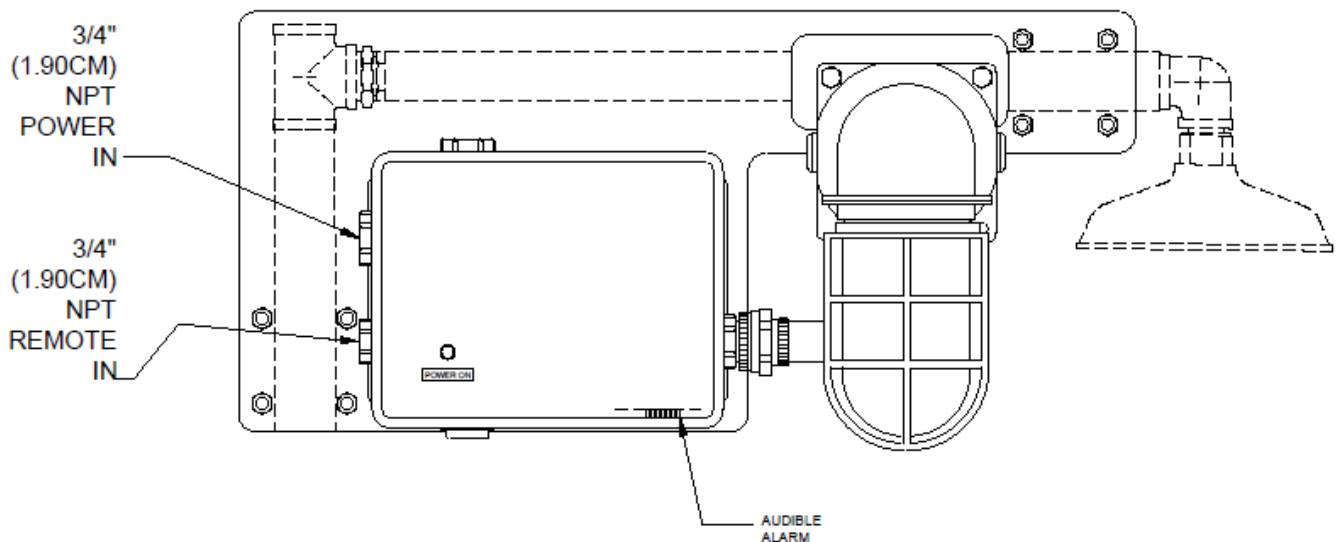

ALARM LIGHT: Flashing red alarm light provides visual recognition to area when station is activated.

ACTIVATION DEVICE: N/A

REMOTE CAPABILITY: Spare "dry" contacts (N.O./N.C.) included.

ELECTRICAL CLASSIFICATION: Class 1 DIV 2 Group B, C & D, 120VAC. CSA approved.

ELECTRICAL CONNECTION: 3/4" conduit.
