

Veratti® **G100™**

Certified Model
ANSI Z87.1-2010
High Impact
CSA Z94.3-2007
CE EN166
MIL-PRF-31013

The G100™ is the second generation of crossover eyewear from Encon Safety Products. Our new and improved all-in-one eyewear and goggle is sleek and stylish while giving you the comfort needed for all day wear. The soft vented foamed frame gives you the sealed protection from airborne debris, while allowing airflow to prevent fogging.

Replaceable lenses and interchangeable temples and goggle strap make this our most versatile eyewear yet. Available in clear, gray, indoor-outdoor, IR3.0 HC and IR5.0 HC lenses. Can be purchased individually or conveniently packaged in a kit with two pairs of lenses, clear and gray, elastic goggle band, and carry case.
